TRADE AND PRODUCTION GROUP OF COMPANIES «TEXTILE-CONTACT»

TEXTILE-CONTACT

ABOUT THE GROUP OF COMPANIES

The Textile-Contact group of companies is a holding that comprehensively covers the entire range of services in the textile industry of Ukraine, from raw materials and threads to ready-made solutions for customers:

- ✕ b2b
- ✕ b2g
- ✕ b2c

Companies included in the Textile-Contact group are Textile-Contact, TK-Furnitura, TK-Spetsodyag, TK-Domashniy Tekstyl and TM PROTECT LIFE.

TEXTILE-CONTACT

is the largest importer of fabrics with an assortment of more than 30 000 items from 100 factories worldwide. Textile-Contact has its retail chain TK-Market with a total area of 6 200 sq.m and 11 000 sq.m warehouses. The production capacity of Textile-Contact amounts to 4 sewing factories.

TK-DOMASHNIY TEKSTYL is the largest Ukrainian manufacturer and importer of textile products, whose own trademark "Home Line" has gained popularity far beyond the borders of Ukraine. The company produces pillows, mattresses, knitwear for babies and overalls, has quilting and embroidery workshops, and its own textile factory TK DT-Chernihiv.

TM PROTECT LIFE – the territory of textile startups in Textile-Contact, which includes such projects as TK-Medzakhyst, TK-Uniform and TaKa Sumka.

TAKA SUMKA is a branch specializing in producing promo bags and textile designer bags.

TK-MEDZAKHYST is the company's division, which specializes in producing of personal protective equipment for medical purposes.

TK-UNIFORM – the direction that creates clothes for business, taking into account individual personalities, needs and brand positioning.

TK-SPETSODYAG produces and sells work clothing, footwear, personal protective equipment for Ukrainian agricultural and industrial enterprises, medical institutions, small and medium-sized businesses.

TK-FURNITURA has been an importer of sewing accessories and thread manufacturer since 1999. The product range includes more than 15 000 items from suppliers from 15 countries around the world. TK-Furnitura founded Ukraine's first and only thread factory – "Barva"

OLEKSANDR SOKOLOVSKYY

Founder of Textile-Contact

OLEKSANDR DMYTRENKO

CEO of Textile - Contact

Textile-Contact is more than a leading fabric sales operator. It is already a whole family of people and like-minded persons who work for years in this field and satisfy the market needs in any fabrics. The priority direction of Textile-Contact development is creation of the entire production cycle: from producing fabrics to tailoring clothes. We cooperate with well-known enterprises of light industry, with manufacturers of fashionable clothes and state structures - over the years of leadership, the "Textile-Contact" brand has been known in Ukraine and abroad. Our activity's primary direction is fabric production, wholesale and retail trade. The company manages a network of branches and wholesale and retail hypermarkets of fabrics TK-Market, and the most extensive online fabric store in Eastern Europe TK.UA.

PRODUCTION

TK - DOMASHNIY TEKSTYL

VOLODYMYR MARTSENIUK

— managing partner of TK-Domashniy Tekstyl

"We are leaders in the producing of home textiles in Ukraine and set standards for the entire industry. Our mission is to conquer new heights, expand our influence in the market, increase of assortment, and develop of new niches. We constantly improve ourselves, our product and service. Our task is control over the full production cycle, which gives independence and maximum efficiency. Global retailers and influential organizations recognize our leadership. We protect our reputation, so we keep our word and fulfill our obligations. We build partnership relations on the principles of honesty and transparency.

With all loyalty to customers, we take care of the satisfaction of their needs. We do believe that any large business should carry a social responsibility, that's why we do charity work and take care of our compatriots. Our team consists of talented, dedicated people, motivated and ambitious. We appreciate their contribution to the company's development; therefore, we promote growth. We treat them not as employees, but as partners.

We are reaching high-efficiency thanks to the digitalization of business and the introduction of modern production technologies and management. Our designers create trendy textiles that correspond to world trends in fashion. Environmental friendliness is an important parameter that we follow during manufacturing products. We protect natural resources and implement the principles of lean production."

—a company that has worked in the market for over 25 years. We are leaders in the production of ready-to-buy textile products in Ukraine. Our trademark "Home Line" has gained popularity far beyond the borders of Ukraine. We export products to the Baltic countries, Poland, Italy, Slovenia, Georgia, and Israel. The product range includes more than 20 product categories and more than 10 000 articles: bed linen from natural fabrics of own production, knitted sheets and pillowcases, mattress toppers, mattresses, terry dressing gowns and towels, pillows and blankets, quilted bedspreads, kitchen textiles, HoReCa and spa products.

WE ARE TRUSTED

We are the largest Ukrainian supplier of textile products for the needs of the UN units in Ukraine, the Red Cross Society, the Ministry of Defense of Ukraine, the Ministry of Social Policy of Ukraine, Ukrzaliznytsia, and other departmental structures and non-profit organizations.

We supply professional textiles and overalls for hotels and restaurants. Among our customers are top hotel chains: Radisson, Hyatt, Fairmont, InterContinental, City Holiday Resort & Spa, Edem Resort Medical & Spa, and others.

We offer complex solutions for HoReCa, including products of both our production and goods of world brands that are imported.

WE ARE TRENDY

Every year we participate in all main textile exhibitions which are held in Ukraine and EU countries, USA, China and the Middle East, thanks to which the "Home Line" products always keep up with all modern trends.

PRODUCTION

The central part of the assortment is produced at our factories, which are located in Kyiv, Odesa, and Chernihiv.

The total production area is more than 10 000 m², which employs more than 500 people.

The sewing areas are equipped with modern Juki and Brother industrial equipment, which achieves the highest quality in the production of products and minimizes defects.

All production is certified according to the ISO 9001 quality management system, and ISO 14001 environmental management system.

The manufactured fabrics have the OEKO-TEX Standard 100 safety certificate.

PRODUCTION STRUCTURE

Production of home textiles and clothing:

- ✘ TK-Domashniy Tekstyl Kyiv
- ✘ TK- Domashniy Tekstyl Odesa
- ✘ TK-Profiteks

Fabrics production:

- ✘ TK DT-Chernihiv

- ✘ Production of home textiles
- ✘ Production of professional HoReCa textiles
- ✘ Production of special-purpose clothing
- ✘ Production of children's clothing
- ✘ Quilted production
- ✘ Embroidery production
- ✘ Knitted production

QUILTING PRODUCTION

The quilting production consists of 5 high-performance quilting and computerized quilting and embroidery machines, producing a wide range of blankets and bedspreads for both home textiles and HoReCa.

Production capacity: 1500 meters of quilted fabric per shift.
The maximum width of the manufactured canvas is 260 cm.

EMBROIDERY PRODUCTION

Modern embroidery machines allow you to create an embroidery of any complexity and on almost any type of fabric.

It has its design department for the development of layouts for applying embroidery.

WE DO EMBROIDERY ON THE FOLLOWING:

- ✘ Kitchen and dining textiles
- ✘ Spa and HoReCa products
- ✘ Clothes for any purpose
- ✘ Chevron, etc.

We offer complex solutions for hotels, and restaurants, making embroidery in the corporate style of the customer company.

COOPERATION WITH INTERNATIONAL ORGANIZATIONS

TK- Domashniy Tekstyl is a leader among Ukrainian textile manufacturers in humanitarian projects implemented with international organizations.

Since the start of the full-scale invasion, we have established cooperation with charitable foundations to help people affected by war and forced displacement.

WE ARE PROUD OF OUR COOPERATION WITH SUCH ORGANIZATIONS AS:

unicef

ICRC

UNOPS

IOM • OIM

On the photo - Ambassador of USA Bridget Brink and the Deputy Administrator of USAID Isobel Coleman with a visit to "TK- Domashniy Tekstyl" production facility. 02.10.2023

HELP PACKAGE

The package is specially designed to help displaced people.

During the first year of the war, we produced and sold more than 100 000 "Help packages".

IT INCLUDES:

- ✕ Polyurethane foam mattress;
- ✕ Blanket;
- ✕ Pillow;
- ✕ Aset of bed linen;
- ✕ Face towel;
- ✕ Bath towel

HYGIENE SETS

In cooperation with humanitarian organizations, we developed hygiene kits for children and adults who suffered from a result of hostilities.

Among the most popular:

- ✘ "Children on the way" - a backpack with hygiene items, coloring books, toys, snacks, etc.
- ✘ "Family" - a package consisting of essential items for the family: towels, napkins, and other hygiene products.
- ✘ "For organizations" - a set consists of means for disinfecting the premises, detergents, napkins, mops, etc.

During the year of the war, we sold **400 000+** of hygiene kits and continued to work on the development of new ones.

- ✘ Production of home textiles
- ✘ Production of mattresses
- ✘ Fiber regeneration
- ✘ Computerized quilting production
- ✘ Automated production of pillows
- ✘ Production line of siliconized fiber fillers
- ✘ Production of knitted products

The company was founded in **2015** and currently employs **110 people**

PRODUCTION OF MATTRESSES

The production of the frame and frameless mattresses allows to use of various filler materials, such as coconut coir, seaweed, and husks of various seeds; and familiar to everyone - batting, sewing cotton, polyurethane foam, etc.

Production capacity: 17 000 units per month.

We are one of the largest manufacturers of mattresses in Ukraine

AUTOMATED PRODUCTION OF PILLOWS

The company's product range includes pillows with various fillers: siliconized fiber, holofiber, silk, bamboo, tencel, fluff, feathers.

We also make orthopedic and spring block pillows. We have two computerized machines for the automatic quilting process, which allows us to create decorative pillows with designs of any complexity.

The top of the pillow can be made of fabrics: calico, teak, twill, boiled cotton, luxury satin and percale.

The vast possibilities of our products allow us to create a product for both the average and premium segments.

The production line is capable of producing up to 1 500 pillows per shift.

At the end of **2020**, a new enterprise was founded - **"TK-Profiteks"**, which employs **160 employees**. The daily production volume is **5 000 units** of products. The production is equipped with modern computerized laying and cutting systems, which ensure high-quality of cutting and significantly shorten the production time.

- ✘ Production of clothes for children, including babies.
- ✘ Production of special-purpose clothing.

Knitwear production, which has facilities in Kyiv and Odesa.

PRODUCTION OF TEXTILES FOR BABIES

The company TK-Domashniy Tekstyl is a permanent manufacturer of knitted and textile products for the state financial aid program "Baby Package".

In 2018, we were the first, together with the United Nations Office for Project Services (UNOPS), to be able to produce the required amount of products and deliver the "Baby Package" kits to all maternity hospitals in Ukraine.

Our capacity allows us to produce more than 1 000 000 units of baby products per month.

We have all the necessary certificates for children's clothing.

KNITTED PRODUCTION

The machine park consists of overlockers, and flat sewing machines from JUKI and Brother.

The SERON Makina high-performance automatic cutting complex provides cutting to own production and enterprises of our partners on all territory of Ukraine.

The only finishing factory in Ukraine for the producing cotton fabrics for home and children's textiles.

We manufacture fabrics for special-purpose clothing for the Ministry of Defense of Ukraine, State Border Service, Ukrzaliznytsia, Security service of Ukraine, Subdivisions of territorial defensive etc.

The production equipment allows you to make fire-resistant and moisture-resistant impregnation of fabrics.

Among the advantages of TK DT-Chernihiv is the flexibility of production and loyalty to the customer, which are manifested in the readiness to develop a special product for the customer in terms of design and quality. In addition, we offer direct and silk print to any textile goods.

The fabrics are certified according to Oeko-Tex Standard 100, which guarantees the use of only safe dyes and reagents are used in production. Production capacity – 500 000 l.m fabrics per month.

TK-FURNITURA

VALERII RYBAS

- managing partner of LLC "TK-Furniture"

NEW INVESTMENT PROJECTS

Sewing factory

An automated sewing factory with a unique productivity that has no analogs in Ukraine.

Fabric production

Fabric production line up to 240 cm wide, which has no analogs in Ukraine.

INVESTMENT PROJECT

THE AUTOMATED SEWING FACTORY
WITH UNIQUE PERFORMANCE,
WHICH HAS NO ANALOGUES IN UKRAINE.

THE FACTORY CONSISTS OF 4 LINES,
THE POWER OF WHICH:

- ✂ Men's jacket – **10 000** units/month
- ✂ Women's jacket – **15 000** units/month
- ✂ Pants – **15 000** units/month
- ✂ Dress – **8 500** units/month

PREPARATION PERIOD

Production set-up, ordering equipment, logistics and resources - **9 months**.

The investment requirement is **8,3 million euros**.

AUTOMATED SEWING FACTORY

NEW PROJECTS

PROJECT INFORMATION

- ✘ The only automated sewing factory in Ukraine with a potential of **610 000+** products in the fashion apparel segment.
- ✘ Production area: **9 600 m²**.
- ✘ Advantageous geographical location of the production, which ensures receipt of raw materials and shipment of finished products within **7 days**.

- ✘ Shipment of finished products immediately to the final consumer.
- ✘ The level of automation of the sewing line, which has no analogs in Ukraine, allows us to work with customers of the luxury segment.
- ✘ The level of automation of the sewing line increases the volume of products by 3 times compared to non-automated sewing production.
- ✘ Autonomous provision of backup lighting power.

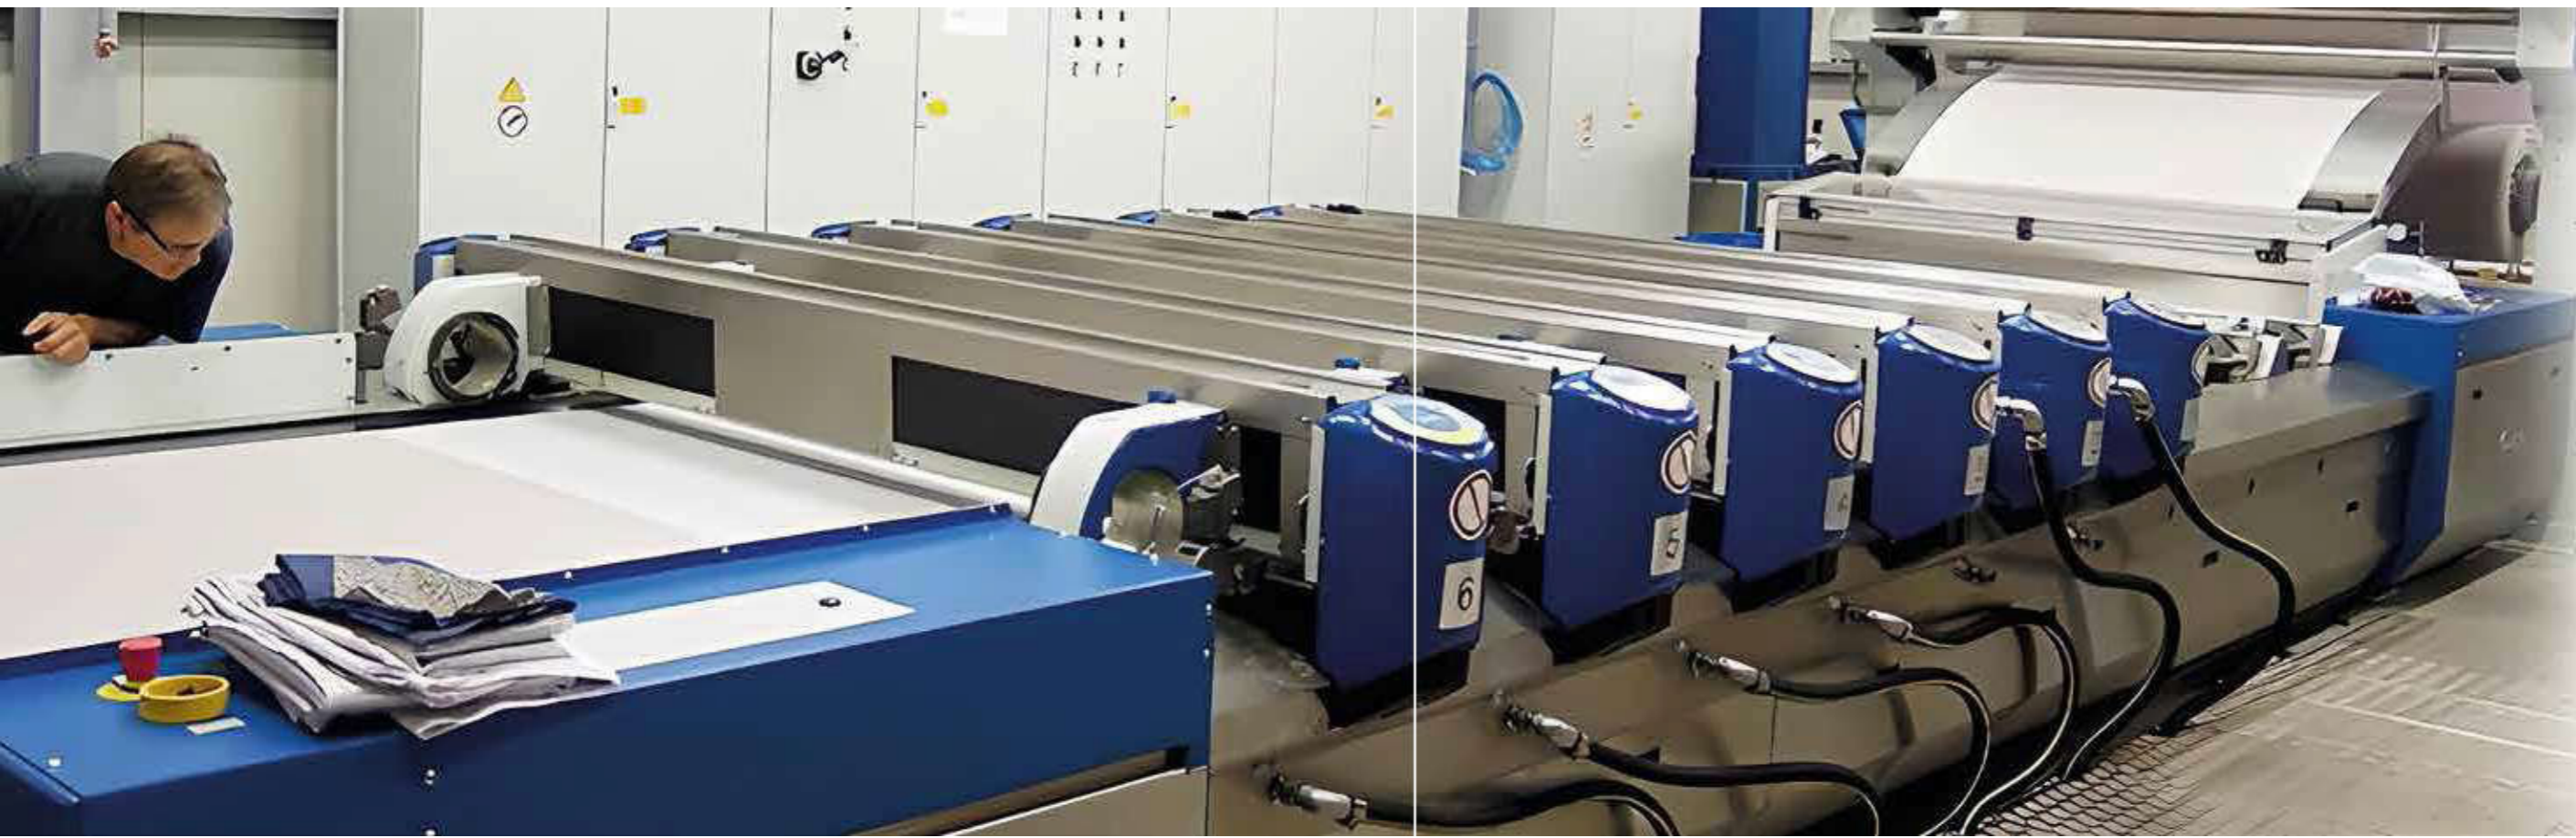

INVESTMENT PROJECT "FABRIC PRODUCTION"

ADVANTAGES OF THE PROJECT

- ✘ In Ukraine, there are no manufacturers of fabrics for home textiles with a width of 200-240 cm. The launch of finishing production will allow us to cover the market of fabrics with the specified width and compete with imports.

- ✘ Future production capacities will allow to cover the market of home textile products made of waffle cloth, poplin, flannel, fabrics for workwear, muslin, mitkal, ranforce, satin, and cretonne.
- ✘ Expansion of potential client segments:
 - ✘ International organizations in the field of humanitarian aid, charitable organizations, the number of which in Ukraine is more than a hundred;
 - ✘ Ministry of Defence, Ministry of Internal Affairs, National Guard, Border Guard, Security Service of Ukraine;
 - ✘ National and international trade networks;
 - ✘ Workshops and factories that produce bed linen and home textiles.

MARKET OPPORTUNITIES

- ✘ The growth of consumption of textiles for the needs of the defense sphere and the sphere of social security of Ukraine.
- ✘ Ukraine's status as a candidate for EU membership expands export opportunities to EU countries, the USA, Great Britain and Canada.
- ✘ Development of tender projects, export supplies and new channels.
- ✘ Specialized equipment will cover the needs of the Ukrainian HoReCa segment.

PREPARATION PERIOD

Organization of production, ordering of equipment, logistics and resources - up to **12 months**.

The investment return period is up to **36 months** from the start of production.
